

4 steps to the perfect entrance

Before choosing the right front door for your home, you will need to make some important decisions. Are you looking for a contemporary or timeless style? Do you prefer a solid door, or do you want the brightness and light of a door-glass? Will there be a sidelite, or maybe double-doors? Getting lost in the details is easy, but Novatech will help you make the right decisions based on your home and personal style.

STEP

1

Get inspired

Look through the following pages and get inspired by our four trends: Contemporary, Eclectic, Natural and Timeless. Easily find the style best suited to your home's entryway.

1

1/ The Mundo steel door's clean look and horizontal lines provide a perfect counterpoint to this textured facade. Choosing a bright color such as red brings life to an otherwise subdued exterior. The finishing touch? A minimalist handle complements this modern door's embossed lines perfectly. *Mundo steel door p.18.*

2/ A tall, 95" door with a 22"×80" window will add height and natural light to your home. Here, Zenith brings an elegant, decorative touch with v-grooved lines that create a stunning effect. A dark-coloured door will create a striking contrast with this sandblasted glass. *95" Uno steel door. Zenith 22" ×80" doorglass p.43.*

3/ Our 95" Uno door, with its thin central window, brings character and symmetry to this rectangular glass facade. Soften your entryway with a light-coloured door. *95" Uno steel door. 10 1/16" × 76 1/16" clear doorglass.*

Contemporary

Subtle design meets bold style

Your home has clean, straight lines, abundant fenestration and is made of authentic materials. Add character to your facade by pairing one of our Contemporary decorative doorglass with a door from our Design Collection.

2

3

Eclectic

Bold arrangements

You're no stranger to asymmetry, and your home is a blend of different styles and eras. If you like to mix things up, pair an Eclectic decorative doorglass with a steel door from our Shaker Collection.

1/ With its elegant look and functional design, this entrance dares to mix styles. Barcello's machined aluminum bar evokes an industrial style, a perfect complement to the raw materials of the metal doorknob, and floor. The carefully selected tapestry brings warmth to the entrance. *Soho steel door p.23. Barcello 22" x 48" doorglass p.53. Clear glass transom.*

2/ Avenue's minimal yet industrial design is the perfect juxtaposition to the more natural textures of this farmhouse-style facade. Everything has been carefully selected, including the iron-ore-colored Shaker-style door, cedar shingles, black door handle and the lamp's oil-rubbed bronze finish. *Soho steel door p.23. Avenue 22" x 48" doorglass p.55. Sandblasted glass transom.*

3/ Retro and bold, Nassau is the perfect complement to the asymmetrical construction of this 1950s bungalow. Its iron-ore-coloured door complements the home's new siding and original bricks, creating a modern feel. *Uno steel door. Nassau 22" x 64" doorglass with left side 7" x 64" sidelite p.51.*

3

1/ These integrated grills bring a classic touch. Clean and simple grills are on-trend, and they go perfectly with a simple, symmetrical design. *95" Soho steel door p.23. Clear glass 22" x 64" doorglass with 2 x 3 grills p.107.*

2/ Let in some soft, dreamy daylight through Opal's mix of clear and frosted Satin glass. A blend of natural materials and cool colors creates a calm and inviting atmosphere. *Orleans steel door with Prestige mouldings p.25. Opal 22" x 48" doorglass p.83.*

3/ Inspired by sophisticated heritage homes, this entrance stands out with its elegant Liano doorglass, paired with a classic Shaker-style door. *Victoria shaker steel door with decorative shelf p.23. Liano 22" x 14 7/16" doorglass p.85. Chinchilla glass 13 7/8" x 79" sidelites p.38.*

Timeless

A soft and polished look

Your home's design is simple, symmetrical and full of carefully curated details. True to your classic style, it also has a porch and veranda. Are you drawn to traditional aesthetics, quality materials and fine craftsmanship? Pair a Timeless decorative doorglass with a door from our Prestige Collection.

1

2

Natural

Where simplicity meets texture

In typical farmhouse style, asymmetrical shapes give way to natural materials and colours. Simple entryways are accentuated by porches or large verandas. If you've got a weak spot for a raw and authentic look, go with one of our Natural decorative doorglass, and pair it with a steel door from our Shaker Collection.

1/ This classic doorway's richly stained woods pair well with Chanelle's balanced geometry. Evoking running water, Niagara glass is a natural choice for a sidelite in this facade. *Orleans Oak woodgrain fiberglass door p.31. Chanelle 22" x 48" p.67. Niagara glass 7" x 64" fiberglass sidelites p.67.*

2/ This entrance showcases raw materials and rich textures. Fluid's organic lines have a natural feel, while the brightly coloured door livens things up. *Uno steel door. Fluid 22" x 64" doorglass p.38.*

3/ Bistro's warm look is just right for this Cape-Cod-style home's white facade and cedar shingles. All of the accessories were carefully selected to complement this home's coastal design. *Orleans steel door p.25. Bistro 22" x 48" doorglass p.69.*

2

Design your entrance

Three configurations for a bright entryway

Your front entrance reflects your home's personality and character. The same entrance can bring together elements from different styles, based on your taste and personal aesthetic.

Take the time to look at our options and choose the products that best represent you. From rich and classic styles to open and clean designs, Novatech offers three themes to help you with your selection: Chic, Pure Chic and Pure.

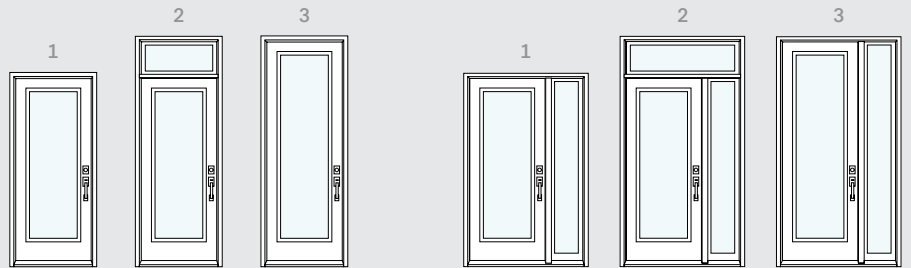

Chic

Choose an eye-catching grandiose entrance. A stained glass doorglass paired with its matching sidelites and transom will illuminate your home. This Chic high-end entrance will add beauty and value to your property.

Liano 22" x 48" doorglass and 8" x 48" sidelites p.85.

Sidelites & transom configurations

Work with your front entrance's dimensions and openings to make it your own. Transform it to reflect your personal aesthetic, and get the level of privacy and light you want.

Single door with or without transom
For a contemporary style and lots of light, replace your transom with an 84" or 95" door (3). For a simple arrangement, you can't go wrong by pairing a single door with a decorative transom (2).

Single door with sidelite, with or without transom
If your entry is the right size and shape, a door with a sidelite and a transom is always a safe option (2). For more impact, go with an 84" or 95" door and a sidelite (3).

Pure Chic

Pair your doorglass with textured glass in your sidelites to make it stand out. The sophisticated Pure Chic style is refreshing, echoing the clean lines of contemporary designs.

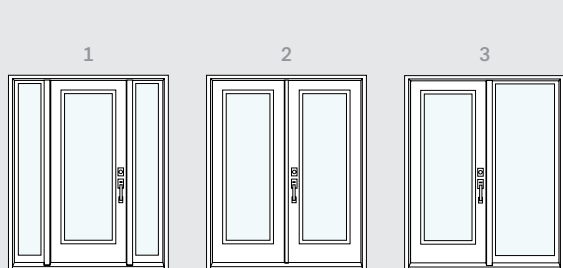

Orleans steel door p.25. Liano 22" x 48" doorglass p.85. Chinchilla glass 13 7/8" x 79" sidelites p.38.

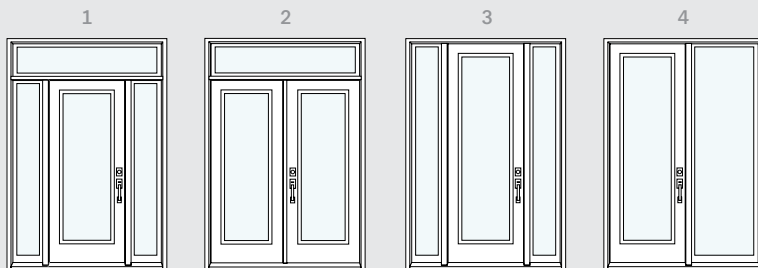

Pure

A minimalist approach geared for comfort and the creation of a luminous space without compromise. Multiple textured glass options are available, depending on the level of privacy desired. A Pure entrance will add a touch of elegance and contribute to the architectural balance of your home.

Orleans steel door p.25. Chinchilla glass 22" x 48" doorglass and 13 7/8" x 79" sidelites p.38.

Single door with sidelites, or double doors
Achieve a rich and classic look with double doors (2) or with two sidelites (1). Give your entrance a bold, contemporary look with an oversized sidelite (3).

Single door with sidelites and a transom or double doors with a transom
An 84" or 95" door is sure to impress. If you like a minimalist look, go with an oversized sidelite (3 & 4). Classic? Stick with two sidelites or a transom above double doors (1 & 2).
