- High quality non gumming and non freezing hydraulic fluid
- Tri-pack for regular, parallel arm and top jamb installation

- Separate adjustable sweep and latching speed valves
- Finishes: metallic aluminum
- cUL and UL listed
- 5 year limited warranty

# 01.018

# 300 SERIES DOOR CLOSER

## SPECIFICATION

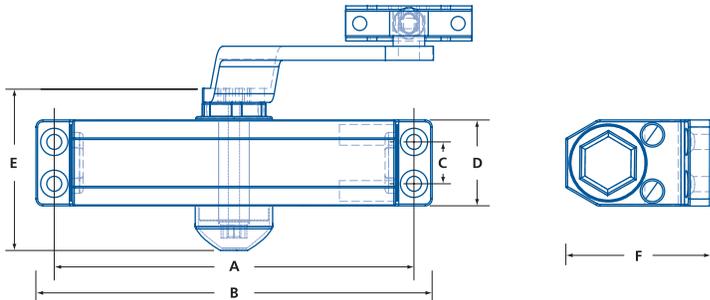

Closers for interior and exterior doors shall be 300 series rack and pinion type with cast aluminum alloy shell. Closer shall be non-handed, surface mounted by 3/4" hole spacing and shall project no more than 3" from the door surface. Closer shall have two non-critical thermostatic valves to separately control sweep and latch speeds and provide constant closing speeds under extreme temperatures. Closer shall contain non-gumming and non-freezing hydraulic fluid. Brackets shall be supplied to permit regular, top jamb or parallel arm installation and standard arm bracket shall allow 15% power adjustment. Closer shall be supplied with all necessary mounting fasteners.
