SCHLAGE

Schlage Touch™

We're doing more than just throwing away the key.

We're making it obsolete. Because no key means no more fumbling in your pockets or digging around your purse. It also means Schlage Touch™ is 100% pick-proof and bump-proof. All in a low-profile design that's incredibly sleek and—since it's a Schlage—incredibly strong.

Sorry, keys, but it's better this way.
