HOW TO

CHOOSE

Between Steel or Aluminum? Here are some features of each to help guide your decision.

STEEL

Heavy Duty 16 gauge thick 1"x2" Steel Frame

Zinc Primed and Powder Coated Finish
12 Color Options

More Decorative and Unique Styles offered in Steel

Limited Lifetime Warranty

ALUMINUM

Maintenance free Aluminum Frame

Innovative Features like Multi-Point Locking Systems and Security Screening

Economically Priced

Limited Lifetime Warranty

STEEL STORM & SECURITY SCREEN WITH UNIVERSAL LOCK BOX

WELDED TUBULAR STEEL CONSTRUCTION, ZINC PRIMED & POWDER COATED FINISH AND UNIQUE STYLES & FEATURES.

Heavy-duty 1" x 2", 16-gauge steel frame with three 7-inch forged hinges and anti-removal system. Stainless steel screen incorporates 90° bends for superior strength. Reinforced lock box with pick guard accepts most 2 3/8" standard deadbolts and handles. Includes self-storing tempered safety glass, closer and wind chain.

Fusing Security, Design & Functionality.

The Grizzly .028" woven stainless steel screen sets the standard for strength and ventilation.

SecurePRO™

SECURITY WINDOW

Protect your vulnerable window openings with our state-of-the-art, innovative and attractive security solutions. SecurePro products enhance architectural appeal without compromising home design. Unlike traditional security bars and grills, our security screen allows for unobstructed views. Available as security screen only (L91) or as security storm (L92).

STEEL SECURITY SCREEN

Screen covers the entire glass portion to create an unpenetrable barrier. Screen comes in a black powder coated finish.

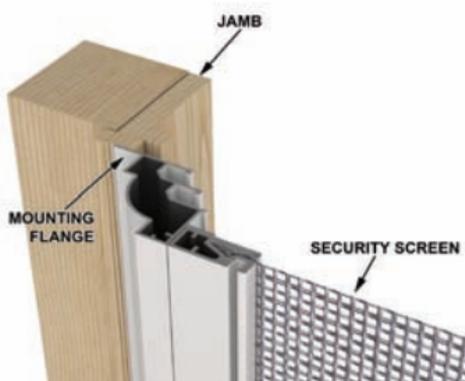

LATCH LOCK SYSTEM

Two interior sliding latches lock the screen in place for a secure closed position.

EMERGENCY ESCAPE SYSTEM

The bottom half of the screen rotates outward when opened to allow for an easy exit in the event of an emergency.
